A busy ... but exciting ... Last few weeks of term!

The last few weeks of this term are going to be extremely busy at Narrabri West. But as well as being busy, they are going to be very exciting, with lots of fun activities planned. This term has once again seemed to have just disappeared and it is amazing that we are already talking about end of term activities yet again.

It is also quite obvious that there is a lot happening in our school that we should all be really proud of. Our Kindergarten students are developing impressively, making wonderful progress and maturing quickly. All classes are committing themselves to their learning and their learning goals, are working extremely hard and doing the best they possibly can. As well, we have a group of teachers who care about their students and work incredibly hard to enrich their learning through high expectations and explicit, quality teaching.

Our fete is only a little over a week away and this week Years 5 & 6 are enjoying the sights of Canberra and have already visited the War Memorial and been Ten Pin bowling. You can keep up to date with their week on our Facebook page and website.

All in all, Narrabri West is a great place to be at the moment. I hope that you take a moment to reflect on the year so far, appreciate the wonderful opportunities that our students have each day and celebrate how hard they have worked to obtain the most out of their schooling.

We look forward to even more exciting opportunities and challenges in the weeks ahead and into Term 4.

Next week we will be hosting visiting Principals and teachers from three Sydney schools who are coming to see how we implement student learning at Narrabri West, as well as our systematic, relevant and purposeful staff professional learning program. We are sure they will learn something from us – and of course we from them!

Eggciting news at Pre School
The Pre Schools chooks have started laying eggs. Magnus and Charlie collected the first ones – eggxactly two of them!
One of the three strategic directions in our 2015-2017 school plan is based around Professional Practice and strengthening the capacity of our teachers to support and improve student learning outcomes in all curriculum areas. Our focus is to:

- Implement and share innovative and collaborative professional learning programs which build personal and team capacity, leadership and educational practice, whilst developing reflective team members, supporting further career development and contributing to a culture of learning.

- Provide teachers with enhanced capacity to ensure the teaching and learning environment is inclusive, promotes the intellectual engagement of all students and reflects individual student strengths, needs, learning preferences and cultural perspectives.

This involves developing deep understandings around the impact of effective teaching on student learning. Some of the strategies we are using are coaching, lesson study, classroom walkthroughs, shoulder-to-shoulder support and the implementation of Instructional Rounds. Teachers are also taking the opportunity to visit each other’s classrooms so they can observe colleagues using successful programs or strategies. We are utilising the high level of expertise within our school.

A positive culture of collaboration and collective responsibility is fostered through: professional dialogue, the collaborative exploration of an aspect of teaching practice (lesson content, teacher capacities and student engagement), shared analysis of current research, the collection of descriptive classroom evidence, sharing understandings about students’ learning, the professional evaluating of teaching practices observed and the joint development of an action plan to support the next level of work by teachers in each classroom in the school.

There is a focus on teachers knowing their impact – identifying the current level of learning, establishing goals to improve learning and providing evidence of that progress.

These approaches are designed to assist us to maximise student learning. As we often say, teachers are learners too and it is our responsibility to the students in our school that we too continually strive to learn and improve our teaching practice, adopting new ideas, reflecting on what we are doing and using the skills of our colleagues to increase our professional capacity.

---

Strong Athletics Performances at PSSA Carnival!

Congratulations to all of our athletes who competed at the North West PSSA Athletics trials held in Tamworth last Friday. Highlights were the terrific performances by the following athletes:

Dylan Williams - High Jump, Long Jump
Daley Guest - Discus
Grace Hardy - Discus
Amalie Gosper - 100m
Zara Foley - Discus
Grace Hardy, Amalie Gosper, Holly Ford and Chelsea Wallace - Relay

Dylan Hazlett, Dylan Williams, Gus Knight and Jordan Baxter - Relay

These were great achievements against extremely strong competition. All of these athletes will now represent North West PSSA at the NSW PSSA Carnival in October at Homebush.

It’s time for a disco! We are having one on Thursday 17th September in the hall. For students in Pre School to Year 2 this will be from 5:00 – 6:00pm, whilst for Years 3-6 it will be 6:00 – 7:30pm. Entry will be a gold coin donation, with funds raised going towards the Year 6 present to the school. A note with further details will be sent home closer to the date. We are looking forward to having an entertaining night and watching all the dance moves. Please make sure your children bring a water bottle.

‘Ready, Set, Kinder’ underway

Our Kindergarten Transition program has started. Already this term our Pre School students have had the opportunity to regularly visit our current Kindergarten students in their classrooms and enjoy a range of special activities. We are now very pleased to welcome those children who do not attend our Pre School, joining with us to prepare for the exciting step of commencing Kindergarten. We will be able to have three small classes again in Kindergarten in 2016 and what a great start this will be to each child’s learning journey.

Sophie Stoltenberg, Chelsea Priest and Reece Kelly settled in very quickly at ‘Ready, Set, Kinder’!
School uniforms
We have a fantastic looking school uniform. But it is unfortunate and disheartening for our teachers, students and parents who have such high standards and expectations for the school, to see each day the number of students who come to school wearing jumpers that are NOT school uniform. Students in black, pink, yellow, green etc. jumpers look out of place and this seemingly indicates a lack of respect for the school and what it is trying to achieve. Our school jumper is royal blue. The uniform room has new and second hand jumpers and we do ask that you ensure your child looks like they are, and want to be, part of Narrabri West.

Parent Surveys
Thank you to everyone who has completed these on-line. If you have not yet filled yours in, please do so by Friday 18th September so we can commence analysing them and use the information in our updated School Strategic Plan for 2016 and 2017. Surveys may be accessed on our website at:

www.narrabriwp.schools.nsw.edu.au/parent-information/parent-surveys

You will need the username and password sent home on the note regarding this. Please contact the school if you have misplaced this.

Illness at school
We have been hit quite hard of late by the flu season. When there is a lot of illness at school it does tend to circulate through classes very quickly. This also makes teachers very susceptible to illness and we currently have a lot of teachers unwell and battling through.

One suggestion which I know many schools use, is if your child has vomited, that they not attend for the next 24 hours. For example, if they are home sick and vomit at 10:00am, please don’t send them back the next day. Give them a chance to recover but also try and break the cycle of illness at school as well.

Sending sick children to school and telling them to have the office ring you if they continue to feel unwell is not a solution and only increases the chance of illness spreading.

Your assistance with this would be greatly appreciated.

NAPLAN 2015
Parents of students in Years 3 and Year 5 have received their child’s NAPLAN assessment results indicating their child’s level of achievement in the tests held earlier this year.

These results provide information for us about what each student can do and will be used to support our teaching. We will look closely at our results and analyse areas of success and areas we need to continue to develop in our learning programs. Results vary considerably from year to year, reflecting the differences in each group of students as they undertake these tests.

You hear a lot from different groups questioning the validity of a one-off annual standardised test. Here at Narrabri West, we believe that NAPLAN contains valuable information to guide future learning directions.

NAPLAN does not test knowledge, only information and competencies. The most useful purpose of NAPLAN is as a valuable diagnostic tool for teachers to monitor and enhance individual student performance in discussion with parents.

Results should be looked at in conjunction with the assessment evidence provided to you by your child’s teacher and seen as an opportunity to identify areas for your child to continue to work on.

If you wish to discuss your child’s reports with their class teacher, please contact them at school for an appointment.

Narrabri West students have again achieved well in the University of New South Wales International Competitions. Students whose achievement was outstanding were awarded certificates of merit.

SASS Recognition Week
This week we are celebrating SASS Recognition Week in schools around NSW. SASS stands for School Administrative Support Staff and this week encourages us to reflect on their important work.

We thank our School Administrative Manager Mrs Bell, who has a very important job in our school – as she is responsible for managing SASS operations and a huge range of financial and administration tasks. She looks after all the money that comes in and out of the school and there is a mountain of paper work and computer work for every transaction. She works very hard at using the new finance and administrative systems that are being introduced across NSW. Since Narrabri West is a trial school for these systems, she has learned the many new functions very quickly and capably. We are extremely grateful for her commitment and dedication.

Of course, the very first person we see in our office when you come to our school is our SAO (School Administration Officer), Mrs Galvin. She helps students, staff and visitors and is busy answering phones, welcoming new people to our school, looking after children who are sick or hurt themselves, looking after enrolments, look after all the printing and photocopying, checking emails – and this is just to name a little of what she does. Our other SAO Mrs Buchanan makes sure our Library resources are organised and also assists with administration tasks in the main office as well.
General Assistant Mr Wilson – who works very hard to keep our school maintained. He comes to school very early every morning and works hours far longer than for which he is paid. He is very busy all the time so that our school looks lovely and is in good working order. We are very appreciative of everything Mr Wilson does in our school.

We thank our school learning support officers (SLSOs) Mrs Lawty, Mrs Gard, Mrs Collins and Mrs Wales – our SLSOs work in classrooms helping teachers and students with their learning. Sometimes they may help an individual student complete their work, sometimes they run special programs such as in reading, sometimes they help children be safe and happy in our playground and sometimes they busily prepare resources and activities. Our support officers are very important people in our school and we thank them for all they do for us.

There are so many great things about Narrabri West and we are lucky to have such a team of committed support staff at our school helping us every day.

Another term nears its end!
Well here we are nearly at the end of another term – Week 8 of Term 3 already – wow! This term we have continued working on developing 21st century learning skills amongst our students. We seek to embed skills such as critical and creative thinking, collaboration and team work and communication as well as a focus on English and Maths, in all of our learning activities. Teachers continue to reflect on how to improve their teaching.

Our goal is that all students will emerge from their primary school education as curious learners with skills to function and contribute successfully and confidently in our society. Our aim is to make each child’s learning journey a joyous and motivating one.

We hope you can continue to join us in this journey.

This will be our last newsletter before Father’s Day on Sunday 6th September, so have a great day to all of our dads!

Best wishes
Stephen Maher
Principal

Reminders

A present for Dad!
This week at lunch times, we will have for sale a present for Dad that he will really like and will show him how special you think he is. These will be for sale for $5 each outside the Library at lunchtimes.

One Woolworths Earn & Learn Sticker for every $10 spent (excluding liquor, tobacco and gift cards). Place the Woolworths Earn & Learn Sticker onto a Woolworths Earn & Learn Sticker Sheet and when it’s complete, the Sticker Sheet can be dropped into the Collection Box here at the school or at Woolworths.

Happy Father’s Day

Earn and Learn Promotion
This year we are again participating in the Woolworths Earn & Learn program. Through this we will be able to get new resources for our school courtesy of parents who shop at Woolworths. From now until next Tuesday 8th September you will get
Parents are responsible for the regular attendance of students at school, including partial attendance, lateness and leaving early (Education Act 1990). If your child is late to school:

- Parents are required to accompany their children to the office to provide the school with a valid explanation so that accurate records can be maintained.
- If you are unable to accompany your child to the office please ensure you provide them with a written explanation to give to office staff.
- If your child is leaving early due to an unavoidable appointment parents must provide an explanation, preferably to the teacher the morning of that day.

You may send a note to the teacher, or use Skoolbag, email or phone the school.

**PLEASE NOTE:**

Our new electronic roll marking system enables us to send SMS and email notifications to parents requesting explanations for any unexplained absences. Simply replying to these messages will record an explanation for the absence, which will meet N.S.W Department of Education requirements.

We will commence using this SMS/Email facility next week and absence notifications will be sent out fortnightly for all unexplained absences.

We look forward to your cooperation with this and hope this makes it easier for you to provide this information to us.

**NSW PSSA Rugby Carnival**

Last week I travelled to Narrabeen on Sydney’s north shore to compete in the state rugby union championships.

We played Sydney West first up on Monday and went down by a few. After that we played CIS and they taught us a lesson about how to play good rugby. Despite this the boys played really well and that was the end of the first day.

On Tuesday we were determined to find a win and played South Coast. We came away winning by ten. Next up it was Riverina and after a gruelling fifty minutes of hard-core rugby we ended up locked in a twelve all deadlock.

On Wednesday our star prop broke three fingers on his left hand and that put him out for the carnival. First up we played our country cousins Western and went down by a few. Next up was Hunter and they had a few big boppers who strong, hard runners and they found the line a few times beating us forty six nil. The boys kept their heads high although we lost that game. It was a tough carnival but a good way to learn new skills. *(By Daly Guest)*

**NSW PSSA Touch Carnival**

On the 18th, 19th and 20th of August I had the privilege to play for the North West touch football team in Parramatta. The team played splendidly and the weather was perfect. We had a couple of good wins and losses but all up we had 4 wins out of the 12 games that we played over the three days. As you would think everyone was extremely tired, but we had lots of good memories!!! *(by Alex Hall)*

**NSW PSSA Softball Carnival**

Last Monday four girls from Narrabri West went to Wagga Wagga to play for the girls North West softball team. The weather was cold, wet and the fields were very muddy. Unfortunately they didn't win any games but the girls played strongly. They wore their uniform with pride and got them very muddy. The girls took home lots of new skills with them and they are ready to teach them to the school softball team. The memories will never leave them and we are proud of the talent that is contained in our school. They would like to thank the other teams for showing great sportsmanship and congratulate the players that made the state team! *(By the girls that played from our school: Alex Hall, Jemma Hedley, Zara Foley and Elsie Ford)*

**PSSA Touch Football Knockout**

Our girls touch football team narrowly lost their knockout match to Gunnedah South, 3-2. Bad luck girls, but this was a great effort against a school with twice as many children as ours.

The scones we made last week were a hit! The children enjoyed eating them with honey, jam or butter at lunchtime. It was interesting to know that the children knew where the butter and milk came from, but not the flour. A book about where foods come from has since been shared with them. I would like to make bread with the children soon. It would be good if we could show the children some real wheat - can anyone help us with some? Also does anyone make bread that could share their skill with the children?
We have great news to share - our chickens laid their first eggs! The children are very excited about this! We are looking forward to collecting them daily! We will explore cooking with eggs soon.

We concluded August and our time talking about India with making a traditional Indian yoghurt drink called ‘Lassi’. All the children helped to make it and then they tasted it. We had mixed reactions with some really enjoying it.

We also ate pappadums with our lunch and made Rakki bracelets with bead threading. The children also cut out masks of some of India’s native animals then coloured them with wet chalk or other drawing implements. They enjoyed role-playing with their masks.

Turkey is now our focus country for September. This country is of special interest to Khan and his family as it is a part of their heritage. We are looking forward to the information that Khan’s mum will share with us.

The children are starting to notice changes in their Pre School environment. We will take the time to go for a nature walk around our school. The children will be encouraged to collect leaves and feathers etc. then use them to create a collage or other craft, or to use as paint brushes. Take time to observe and talk about the changes in the weather and environment around your place. If you notice flowers or blossoms or other natural objects of interest, please send them in. This will be a valuable source of learning for the children.

The school fete is on Friday 11th September. Pre School runs a children’s games stall. We are in need of help for this stall - 3 helpers per hour. Please add your name to our helper’s roster at the sign on book. We thank you for your anticipated help.

We are participating in ‘Operation Christmas Child’ again this year. We will forward information to you and encourage your participation with your child. It is an opportunity to bring joy to children in the world, who are much less fortunate than our children at Christmas time. We encourage everyone to bring in an item to help fill our Christmas boxes, which will be left at the sign-in area. We will need items for a boy and a girl in the age bracket of 5-9 years old. We need all items by Friday, 18th September. A short video clip will be shown so you can see how this project works.

Some resources from the ‘Yamba the Ant Ear Roadshow’ that the children attended last term have been made available to us. Pictures to colour with ‘ear’ messages will be distributed over the next few weeks with stickers.

The Roster for Term 4 will be near our sign-on book soon. Please add your name, twice if possible and enjoy some time here with your child for our last term!
A small membership & hire fee is charged for the toys. Come and see what we have to offer!

Narrabri Junior Cricket - AGM
September 8th 2015
Narrabri Golf Club at 6:30 pm
All welcome.

Holiday Tennis Clinic in Narrabri

When
1st week of the upcoming holidays.
Monday 21st September through to and including Thursday 24th September 2015

Cost
9am to 12 noon = $80 for 4 days or $25 per day
